Research and Documentary Work

Independent Research Paper: The Economics of Hosting Mega Sporting Events *Sole author · 2025 to 2026*

- Tested whether hosting the Olympics and the World Cup pays off: compared projected and actual host budgets, studied how venues are used after the event, and weighed the opportunity cost of public money
- Draft reviewed by a biostatistician at Johns Hopkins Hospital (reviewer, not coauthor); full text posted at jades259.github.io/jadeseo

"Benched: What Happens to the College Athletes Who Never Go Pro," YGLE student documentary *Research and Policy Lead · 2026*

- Researched athletic scholarship structures, academic clustering, athlete welfare policy, and which schools run programs for athletes after sport; drafting the film's policy brief on what every school owes its athletes
- The film follows three former Division I athletes (tennis, lacrosse, basketball) after the dream of going pro ended; released on YouTube October 30, 2026 (re-uploaded November 4, 2026): youtu.be/JOwXuE3KDhU

Leadership and Operations

Bergen County Youth Assembly (BCYA) *Cofounder; Director, Community Needs Exchange · November 2025 to present*

- One of six founders from six Bergen County high schools; formally organized July 11, 2026; presented the plan with the founders to the Office of the Bergen County Executive on August 31, 2026; the county forwarded the proposal to the Interim Executive County Superintendent on October 16, 2026
- Write BCYA's outreach correspondence from the organization's account to schools, agencies, and partners
- Lead the Community Needs Exchange: arranged a clothing delivery with Lindbergh Elementary School (Palisades Park) by email, provided an itemized count by size and a Korean size conversion chart, and delivered 103 pieces of new children's clothing in six boxes on September 21, 2026, documented with a signed donation receipt
- Wrote to the New Jersey Commission for the Blind and Visually Impaired (October 9, 2026) about a founder's tactile graph plates for blind math students; secured and attended the October 28, 2026 meeting with its Director of Education Services and two specialists in Newark; recorded their design requests and am following the three distribution paths they named
- Helped redesign the plates (ShiftBoard) after the meeting with my 3D printing training: modeled and printed the curve pieces, revised the board, tested prototypes, and added the exponential and logarithmic examples discussed with the Commission; sent the new examples to the Commission on November 9, 2026
